"We go to Extremes to Build Your Dreams!" ®

8 Time Remodeler

Pets Photography Studio
Richie Schwartz
P.O. Box 156
West Hempstead, NY 11552

September 2010

Thank You Richie,

Alure Home Improvements is "Extremely" grateful for Pets Photography Studio and everyone who became part of the community that came together on behalf of the Lutz Family. It was our pleasure to share in the privilege of participating with you on this project. Together we made a difference in the lives of the Lutz Family. This opportunity impacted each and every one of our lives as well.

If you weren't at the "Reveal" to see Daniel Lutz running down the street, arms raised in the air, at the instant they "Moved That Bus," perhaps you will see it when the show airs this fall. That single moment provides more than enough reward for the long hours, hard work, and generous donations.

No job too small, and no role insignificant, every volunteer, organization, and individual contribution made this effort a reality. The tenacity and resolve to see this new home completed, as was demonstrated by everyone involved, brings us to this letter of sincere thanks. With appreciation we humbly acknowledge your contribution.

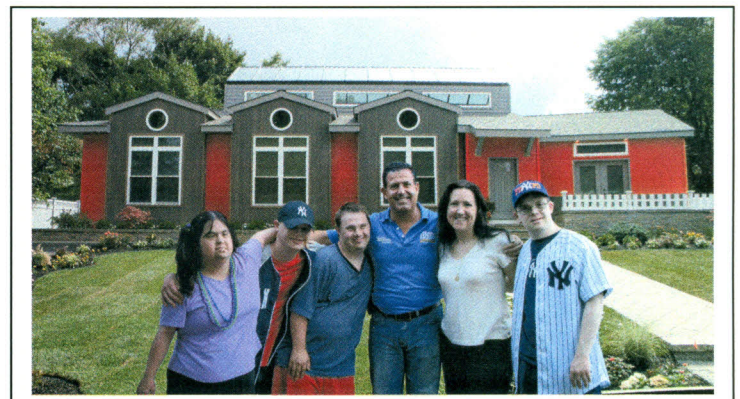

Coordinating the endeavor, as the lead builder on these Makeover projects, we invariably rely upon a tremendous amount of support. Having your help from Pets Photography Studio was unique to this project and to the Lutz family, and it deserves special recognition. We hope that acknowledging your contribution offers pride in the realization that this gift we collectively bestowed upon the Lutz family will last for years to come.

In addition, the Interfaith Nutrition Network raised thousands of dollars in food donations. Other fundraising efforts that week—totaling over fifty thousand dollars—enabled a trust that has been established for the family's future needs, some of which are still ongoing.

We created a Fan Page with additional pictures and stories from that week of the Makeover and invite you to visit us online. Follow the link at www.alure.com, Extreme Long Island, and you can relive the experience. The seemingly unbelievable outcome is now the Lutz Family Home, which can only be described as an *extreme* accomplishment.

Once again, we offer our sincere thanks.
